## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

Welcome to Alpaugh Jr. & Sr. High School, a place where students are making steady progress towards improving their academic skills. This is the result of the hard work and determination on the part of the staff and students. This ongoing improvement is driven by the Local Control Academic Plan (LCAP) dedicated to the goal of providing intensive teacher training in research-based instructional techniques that students so desperately need. Staff development also emphasizes better planning and teaching to the California State Standards, and by placing students in the intervention programs to further develop their skills. The current focus is preparing students and staff to implement the new Common Core Standards, which places greater emphasis on reading and writing across the curriculum. Currently, the school strives to help students master the English language as soon as possible, and provides additional tutoring and reinforcement to help them master the requisite skills while learning the standards-based content. The students are proud of their skills and they are progressing steadily. Parents and community members are an important part of the students' educational plans, and parental participation on the campus is critical and deeply appreciated. Students at Alpaugh High School engage in socratic discussions across content areas. Student voice is highly valued.

## About this School

### 2020-21 Student Enrollment by Grade Level

Grade Level	Number of Students
Grade 9	38
Grade 10	26
Grade 11	22
Grade 12	19
<b>Total Enrollment</b>	<b>105</b>

## 2020-21 Student Enrollment by Student Group

Student Group	Percent of Total Enrollment
Female	51.4
Male	48.6
Hispanic or Latino	92.4
Two or More Races	1
White	6.7
English Learners	43.8
Socioeconomically Disadvantaged	86.7
Students with Disabilities	9.5

### A. Conditions of Learning

#### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

## 2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2020-21 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

## School Facility Conditions and Planned Improvements

Alpaugh Jr. & Sr. High School takes great efforts to ensure a safe, clean, and functional physical environment for students, staff, and volunteers. Sufficient space is provided for students and staff to support teaching and learning. This includes space provided by classrooms, playgrounds, and staff workrooms. To assist our school in this effort, the district uses a facility survey instrument to evaluate the facility's condition. The results of this survey are available at the district office. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal. Alpaugh Jr. & Sr. High School currently received an exemplary rating on the last Facility Inspection Tool. School Facility Good Repair Status

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## 2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

## 2020-21 Career Technical Education Programs

Alpaugh High School is a small necessary high school, a few CTE type elective courses have been implemented for students to explore their interests outside of the core. Approximately, 20% of our high school students participate in the early college program hosted by the community college, College of the Sequoias. Alpaugh also partners with the BLM and other agencies to form job partnerships with local businesses to provide opportunities to students.

## 2020-21 Career Technical Education (CTE) Participation

Measure	CTE Program Participation

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

Alpaugh welcomes parents and includes them in the educational process as much as they want to be. Parents are encouraged to take an active role in the school and are kept informed of activities through bulletins; letters; phone calls; a school caller; social media, such as Facebook; and parent meetings. Additionally, the district reaches out to parents with a web-based product that utilizes the phone system. Alpaugh School Site Council holds meetings a minimum of five times per year to provide parents the opportunity for input regarding the School Site Plan. The district holds English Learner Advisory Committee meetings where parents receive information about school programs and services offered for English learner (EL) students. Parents are informed through the use of our School Accountability Report Card, a parent and student handbook. Parents are encouraged to volunteering in the classroom, chaperone field trips, Open House, Back-to-School night, parent-teacher conferences, parent surveys, award ceremonies, and other extracurricular activities. Parent surveys are being utilized to gauge parent thinking around distance learning.

## C. Engagement

### State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

### Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
<b>Suspensions</b>	8.24	0.00	1.62	0.00	3.47	0.20
<b>Expulsions</b>	1.18	0.00	0.10	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

The safety of the students is the center of our priorities, and all staff members take an active role in the protection of the children. The school has a strict visitor policy and all visitors must sign in to the office and wear a tag that identifies them by name and indicates approved visitor status. The district modifies the safety plan yearly. The staff receives and reviews the updated version for possible improvements and augmentations. Each classroom is equipped with an emergency kit that will sustain students for several days if there is an unforeseen disaster. The plan has a particular focus on the roles of the staff in the event of a disaster. Alpaugh is an isolated rural community and there could be a gap in the delivery of critical services until help can arrive. A review of the school occurs periodically for compliance with all health and fire codes. The inspection also complies with the Williams Act. Though the school infrastructure is new, the staff works hard to provide the best education possible in current conditions. The district has a security camera system that thwarts crime and helps monitor daily campus safety. The district has a safety coordinator who stays current with school safety regulations, methods, and drills. A comprehensive response plan has been created for Alpaugh HS, keeping in mind local and state guidelines under Covid-19. The school updates its safety plan multiple times a year to address the ever changing pandemic landscape. New signage and connections with law enforcement so they can have access to school maps and cameras allows us to operate with that safety net in mind.

## 2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	13	6	1	
Mathematics	12	5	1

## 2020-21 Types of Services Funded

During the 2020-21 school year, Alpaugh High School dedicated LCAP funding to the improvement process, thus acknowledging the need to use the best practices possible for all students. The school used these funds to provide extensive training in Common Core and to reinforce basic skills. The funds also paid for additional instructional materials, professional development, intensive teacher training, and tutoring. The focus of all funding is to provide effective support for all teachers in their pursuit of outstanding instruction for our students. Alpaugh Elementary hires the Tulare County Office of Education to assess and develop new practices that focus on the specific unique needs of the students. The plan includes the expenditure of specially allocated money to augment the regular instructional program. These supplemental services serve to reinforce the core material taught in the class and to purchase additional material to help students master the instructional standards. There is an ongoing emphasis on instructional and technological improvement. The funding sources included Title I, LCAP, and other district funding. These funds also provide supplementary teachers to help students acquire core skills. Due to the small size of the Alpaugh Unified School District, one centralized budget is required for the complete fiscal management of all schools as required by state law and by the district auditors. All schools in the district are located on the same site, share common buildings and administration, and in some cases share common teachers.

## 2019-20 Teacher and Administrative Salaries

## Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period. This year several teachers attended state-mandated training related to the textbooks currently used. In addition, the district provides a minimum day every week for teacher collaboration to allow time for staff training, data evaluation, and instructional improvement. Training focuses on pacing instruction to cover all state standards for each grade, side by side coaching, and best practices. The district contracts with the Tulare County Office of Education, to provide training in Guided Reading, math and key concepts that align and support the state standards. Teachers also had opportunities to participate in off-campus training that is pertinent to their grade level or annual goals focusing on backward lesson design and the Common Core standards. The district supports teachers in the use and implementation of technology in the classroom by providing ongoing training in programs such as Google, Illuminate, Office 365 and other programs as needed and requested by staff. The district has also hired an academic coach to support teachers with instructional support.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

# Local Accountability Report Card (LARC) Addendum

## 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
